

# TAKE CONTROL OF YOUR CLUB PAYMENTS

Payzip is a member payments system built specifically for club treasurers and secretaries.

Your members can pay online and Payzip tracks their payments, helping your club get paid more quickly, more often.

See all of your key financial information at a glance and save valuable hours in admin time each week.

## FREQUENTLY ASKED QUESTIONS

### Who are Payzip?

Payzip Limited (07334100) has been trading since 2013 helping clubs collect over £6m from their members. We work with governing bodies like South Wales Football Association, and Hockey Wales, as well as with individual clubs and member organisations. Payzip is proudly made in Wales.

### Is our data safe?

Absolutely. All payments are securely processed by Stripe, a world leader in online payment processing. Our website and systems are located exclusively in the UK. Payzip is registered with the Information Commissioner's Office, reference Z335078X.

### We already use another system. Do we have to change how we do things?

No, Payzip is a dedicated club payment solution and our relentless focus on that delivers a simple, slick payments system that treasurers, secretaries and members love.

If your other system is still useful in other ways, keep using it - just enjoy an upgrade to your payments process by using Payzip. Because Payzip is pay-as-you-go, you're only paying when you need to collect a payment. No ongoing costs, no complex monthly plans or subscriptions, no fuss.

"Payzip has revolutionised collecting member payments at our club. Thanks to card and mobile payments, we no longer have the hassle or cost of banking cash and cheques - and now **we know we're collecting 100% of our fees.**"

Simon Thomas - Treasurer, Cowbridge Town AFC

## What information does Payzip keep on our members?

In terms of personally-identifiable information, Payzip only records the member name you supply and the email address of the payer. That's it! Beyond that, we obviously record the invoices assigned to each member and the payments made against them.

## Do our members need an account to pay?

Your members don't need to register with Payzip to pay the club, but if they do create an account, they'll get their own personal dashboard showing their current invoices and past payments. If they pay for more than one person, they'll all be shown on the same dashboard.

## Do we have to use online payments?

No, you can use Payzip to record traditional payments only if you want, however, you'll miss out on the largest time-saving and convenience feature. By accepting card payments, you will increase the overall speed at which you collect your payments. Treasurers and secretaries value the time this frees-up for them, as the payment processing and receipt is handled for them.

## How easy is it to sign up?

Signing up your club is simple and will take no longer than a few minutes. Payzip needs a few basic details about the club. The person setting up the account will need to have the club bank details, one form of photo ID, and proof of address available for Stripe.

## How much does it cost?

There are no ongoing costs, limits or subscriptions. We only charge a service fee of 4.95% + £0.35 for each card transaction (including Apple Pay / Google Pay), so it's **always** pay-as-you-go. You can still record cash, cheque and Bacs payments for **free**, and all in one place.

Payzip helps eliminate uncollected subs while improving the consistency and speed at which your payments are collected improving cash flow. The fees are more than offset by collecting every payment due and the admin time saved for your team.

## How do we get our money?

We pay out weekly to clubs. All cleared card transactions are combined into a single payment to the club with a unique reference number. We deduct our fees from this weekly payment.

We also provide a breakdown of each payout, so you can see exactly what member payments are in each one.

## Do we have to sign a contract?

No. Payzip is purely pay-as-you-go. There is no minimum use period or ongoing obligation.

"Just wanted to say I LOVE the "next payout" and the "payments still processing" info on the Payzip dashboard. Massively useful to have this information close at hand. I love how easy it is to see who has recently paid too!"

Patrick Steed - Musical Director, Technicolour Choirs

Your time is precious. Less time spent managing member payments frees-up more time to help the club in other ways.

**Try Payzip and see just how fast and easy collecting member payments can be.**
